Declares the Excessive Warm Weather as the Cause of His Indisposition ---Lauds the New Postal Savings Bank Bill

By Associated Press.
WINFIELD, Kan., July 16.—Accompanied by Congressman Phillip Campbell and declaring that he was "not a bit sick," Speaker Joseph Cannon, of the house of representatives, who collapsed while delivering an address before the Winfield Chautauqua this afternoon, left tonight for Arkansas City, where Campbell is scheduled to speak tonight. The speaker had recovered from his collapse and insisted upon making the trip. Cannon stated this evening his collapse was due to the excessive warm weather which he was not used to.

Cannon appeared tired when he reached here today. His all night ride from Kansas City, and the excitement of his debate with Gifford Pinchot before the Knife and Fork club in Kansas City last night, together with the hot weather, seemed to unnerve him. It was noticed that he did not walk with his old-time firm step, as he advanced to address the audience. The speaker seemed to realize that he was in the "enemy's" country. While the audience was not hostile it certainly was not friendly, and this made "Uncle Joe's" task more difficult.

ENTRIES FOR CALIFORNIA ELECTION ARE CLOSED

Nomination Blanks for All State Officers Have Been Placed in Hands of the Secretary of State

By Associated Press.
SACRAMENTO, Cal., July 16.—With five republicans, one democrat, one prohibitionist and one socialist in the race for the nomination of governor, the entries for California's first election under the direct primary law will close at midnight tonight. The nominating petitions for all the state offices except the legislature are virtually in and the men who will fight it out during the period that remains until August 16th, the date of the primary election, are already in the field. The legislative ticket is probably also complete, but the office of the secretary of state is so swamped with work that it is impossible to secure a complete list of the aspirants for state senators and assemblymen.

The main interest in the coming election centers in the fight for

governor, and since Theodore Bell, the democratic aspirant has no opposition at the primaries, the real struggle will be between the five republicans, Charles F. Curry, secretary of state; Phillip Stanton, speaker of the assembly; Hiram Johnson, endorsed by the Lincoln-Roosevelt league and to be supported in the field by Gifford Pinchot; Alden Anderson, state superintendent of banks, and Nathan C. Ellery.

Johnson is the insurgent candidate. He came into particular prominence during the trial of Abraham Reuf at San Francisco, when Francis Heney, the special prosecutor, was shot down in the court room. Johnson volunteered to fill his place and secured the conviction of Reuf, who is now out on bail, appealing a fourteen year sentence.

The competition was intense, but much disappointment was caused by the quality of the gum, which refused to be stretched more than a foot or so. NEW STRIKE AT ROUND MOUNTAIN IS IMPROVING

(Special to the Bonanza.)
ROUND MOUNTAIN, July 16.—The strike made earlier in the week on the estate owned by the Round Mountain Mining company continues to improve daily and today over fifteen feet of pay ore is exposed. The new ore is outside of the ground that has been in litigation and this will enable the company to continue work without interruption. The uncovering of this ledge is most important as it discloses a new vein system and if it continues with depth it should prolong the life of the camp several years.
